

In 1976 God spoke to Alice through a Bible verse found in Isaiah 61:1. "The spirit of the Lord is upon me, because the Lord has anointed me to bring good news to the afflicted; He has sent me to bind up the broken hearted, to proclaim liberty to captives and freedom to prisoners." Alice felt the call of God to commit her life to full time ministry in helping people come to know Christ as their savior and to disciple women enabling them to grow in their faith. Today, Alice serves as a Life Coach with The Navigators serving right here in San Antonio.

The Navigators® is an international, interdenominational Christian ministry established in 1933. Navigators are people who love Jesus Christ and desire to help others know and grow in Him as they "navigate" through life. The Navigators are a community of hundreds of thousands of everyday people who impact others for God's glory in their normal pathways of life"where they study, live, work, and play. Navigators are characterized by an eagerness to introduce Jesus to those who don't know Him, a passion to see those who do know Jesus deepen their relationship with Him, and a commitment to training Jesus' followers to continue this nurturing process among the people they know. Navigators walk alongside Christ's followers on their spiritual journey, supporting them as they search the Word of God to chart the course of their lives. The hallmarks of the Navigators ministry are small-group studies and one-to-one relationships focused on discipleship.

The U.S. Navigators' ministry touches lives in varied settings, including college campuses, military bases, downtown offices, urban neighborhoods, prisons, and youth camps. Navigators help their community of friends to follow Christ passionately and equip them to:

- Apply the Bible to their daily lives,
- Pass on what they learn to others, and
- Train these new believers, in turn, to reach others.

Alice's passion is to share the gospel with women and teen age girls, helping them know Christ and be transformed by His love and grace. Her ministry has included women from diverse cultures including African-Americans, Hispanics and Native Americans. Some of these women and girls have been products of their inner city lives of abuse, alcoholism, drug abuse and teen age pregnancies. Discipling and mentoring these women and girls includes helping them grow physically, emotionally and spiritually. Alice ministers to them through counseling, teaching and serving.

Because of illness, Alice moved to Iowa and now lives with her granddaughter. She continues a ZOOM ministry with women and girls in San Antonio from her Edgewood Ministry and is also mentoring women in Davenport, IA. Alice also speaks through ZOOM around the country at women's conferences.
